

ABSTRACT GUIDELINES:

- Use one of the two provided templates.
 - The formatted abstract is the preferred template, but it does not coincide with professional norms in some disciplines, so the general template can be used instead.
 - In either case, your total abstract must fit on 1 page!
 - Do not change the font face, font size, page dimensions, etc.
 - If you are in the Charlotte Research Scholars, leave the top line as-is. If you are one of the other programs please replace with appropriate program name:
 - Socially Relevant Computing REU Program
 - NanoSure REU Program
 - Mechanical Engineering REU Program
 - Bioengineering REU Program
 - Strictly follow the title, author, and affiliation formats.
- Other than the formatting and page-length restrictions, the rest is up to you (and your mentor). For example, some people may want to include a figure in their abstract. This is fine, so long as the total length does not go beyond the 1-page limit.
- Submit your final abstract to Dr. Livesay (drivesa@uncc.edu) by July 14th so there is sufficient time for printing of the abstract book.
- The submitted abstract must be a Microsoft Word document! Do not submit it as a PDF.
